GARTH SUCCESS CONTINUES

VIRGINIA TURFMAN SENDS THREE MORE WINNERS TO THE POST AT PIMLICO.

Saddles One for Himself and Two for Others Whose Horses He Is Handling—Olanbala Makes His 1912 Debut and Loses to Dr. Duennner.

Baltimore, Md., April 30.—This was another Garth day at Pimlico. The Virginia turfman saddled three of the afternoon's winners and one of them, Hot Water, carried his own colors. Hot Water ran a smashing good race. She is one of the fillies that Mr. Garth purchased from Walter Farmer at Windsor last fall. This was her maiden effort. She was ridden by Schuttlinger, came from behind in the stretch, and got up in the closing strides of a strenuous drive to win by an inch. Mr. Garth saddled the winner of two other two-year-old races in Little Hugh, a colt by Glorifier—Glad Tidings that he sold to Hal Parr a few weeks ago. Little Hugh showed keen speed in his race, leading from start to finish and winning by a length from Early Light, a colt that was backed by his people for a "good thing." The Welkin, which galloped home with a five lengths' lead over Algie in the Patapsco Steeplechase, was the other winner that Mr. Garth sent to the post.

Dr. Duennner's victory over Olanbala in the Hotel Korman purse came after a stirring stretch drive in which the former just managed to last. The race marked Olanbala's first appearance in public this season and he showed a smart performance.

Warbler made it two in a row when he won the second race, a dash of six furlongs. There were some fast horses in this race. Tim Pippin setting a hot early pace. Textile made his first appearance in this race since his effort in the Futurity at Saratoga in 1910. He was slow in leaving the barrier and, after closing a big gap, pulled up lame. He cooled out of the lameness, however, and it looks as if trainer Goldsborough might be able to get a few races out of the son of Infelix.

Preston Burch writes from France that John Hyland, who went to Germany to train for Baron Weinberg, saddled winners in the first two horses that he sent to the post for his new employers. The first race was worth \$10,000 to the winner.

Dr. O. J. Farley, who is acting as one of the paddock judges at Pimlico, has received fitting inducements to go to Germany from a number of American trainers in that country.

Fatherola, winner of the third race, was bid up \$305 over his entered price of \$500 by H. Neustadter, owner of Smirk, which finished second. Fatherola was retained for Robert Davies.

On account of the death of his brother and his nephew in the wreck of the ill-fated Titanic, Joseph E. Widener will not race any horses this season and he has leased the following to J. Howard Lewis: Chas. F. Grainger, Coligny, Exemplar, Relluf and Mediator.

Before leaving for Canada W. P. Fraser purchased the two-year-olds Church Bell and Confido from former was a winner at Norfolk, while Confido has never faced the barrier. He is by Hamburg—Martina II., and is said to have worked fast.

The going was good at Pimlico this morning and many horses were sent along. Among the trials were:

LOUISVILLE TRACKS A BIT BETTER.

But Still in No Condition for Fast Trials—Gossip from Kentucky.

Louisville, Ky., April 30.—Improvement in the condition of the Churchill Downs course today enabled many trainers to send their charges along, although all had to work around the "dogs," which accounts for the slow time scored. No Derby candidate worked better than at a two-minute clip. Trainer Coyne intended to work George J. Long's Derby eligible, Free Lance, but in walking him through the center field, the son of Alverscot unsated his rider and raced around the field a considerable time before he jumped the fence that encircles the inner track. He was caught by a stable boy, Free Lance sustained no injury by reason of his frolic, but his trainer figured that he had done enough for one day.

The star performance of the morning was by several racers from the back of J. B. Walcott. Trainer Fred Luzader came down from Lexington to superintend the work. High Private, the Clark Handicap eligible in this string, went a mile in 1:40%, and was pulled up a mile and one-eighth in 2:40%. High Private went the first eighth in 12, the quarter in :24, three furlongs in :38, the half in :51, five furlongs in 1:06, three-quarters in 1:20%, and seven furlongs in 1:35%. Trainer Luzader also worked the two-year-old A. J. Gorey a half in :28%. El Yutan, from the same stable, went three furlongs in :38%, running the first quarter in :25%. Trainer Luzader worked Trance five furlongs in 1:08. She ran the first half mile in :37%. High Star, J. B. Walcott's candidate for the Bashford Manor Stakes, worked a half in :32%. running the first quarter in :20, three-eighths in :30%. Other work included:

Anna Patricia—Three-eighths in :40.
Colonel Brown—Half mile in :58; first three-eighths in :43.
Hopsack—Half mile in 50, cantering.
Mesmerizer—Five-eighths in 1:10.
O'Sullivan—Three-eighths in :40.
Pivious—Quarter in :28.
Scampfire—Three-eighths in :40%.
Sheriff Nolte—Half mile in :52.
Swart's Hill—Three-eighths in :45; first quarter in :29%.

The two-year-old, Little Dad, a son of Cesarion, owned by Frank Gering, is thought to be dying at Churchill Downs from an attack of lung fever. The colt came here from Charleston with the disease, according to veterinarian B. Talbot, who is attending him. Dr. Talbot thought today that the chances for saving him were one in a hundred. Little Dad showed winning form at Palmeto Park. Dr. Talbot has succeeded in pulling Sweet Owen through a similar attack. He also came from Charleston, but was never in as serious a condition as Little Dad.

J. B. Respass has concluded to retire the speedy mare Imprint and she was mated yesterday with O. A. Bianchi's noted horse, Jim Gaffney. Mr. Bianchi has located the brother to Golden Maxim at W. F. Schulte's Argyle Farm near this city and will bring him to the track. He will probably mate Zienap and Gliding By, as well as the latter's daughter, Gliding Belle, with him. Mollie Montrose and Rebel Queen are two other mares that have been booked to Jim Gaffney.

A string of eight horses owned by William Gerst arrived at the Downs today from the farm of the Tennessee turfman. It consists of the three-year-olds Eagle Eye and Newhaven, and six two-year-olds. Among the latter are two Derby Stakes candidates, Ma Salamee and Spanish Queen. The latter is a daughter of Oddfellow and Peppia, while the former is by Hastings—Mem Sahib. Ma Salamee is one of the grandest looking fillies of her age seen at the Downs in many seasons.

Trainer W. J. Carter wired here today that the racing string of Thomas Fortune Ryan would be shipped so as to reach here May 13. He requested that stalls be reserved for the string at Douglas Park. He will bring eighteen horses, all of which are two and three-year-olds. The Louisville favorite, Wondawhy, is one of the members of this stable.

A. J. Gorey, the Bourbon County turfman, asked today for stall room for three horses which he will ship here from a later date. They are the three-year-old Chum and two two-year-olds, both the latter being by the noted Commando sire, Transvaal. Old Chum was originally entered in the Derby, but Mr. Gorey declared him out because he was a growing two-year-old and he did not think he could get him ready as early as May 11 to run a race at a mile and a quarter.

Nearly all the names that J. B. Respass sent to the Jockey Club for his two-year-olds this year turned out to be duplicates, and as a result he has only two colts and one filly among his big band of two-year-olds at Douglas Park which have yet been named. The three named are Ruvoa, Dr. C. by Dick Welles—Wedding Blossom; Union, Dr. C. by Dick Welles—Purity, and Kathleen Clifford, Dr. C. by Dick Welles—Shawana.

NOTES OF THE TURF.

Plate Glass has been transferred to the Robert Davies stable at Pimlico.

The meeting now in progress at Coeur d'Alene will be the only one held at that track this year.

The Guttenberg race track, once the home of the thoroughbred and later a scene of trotting races, was recently sold for \$20,000 to a syndicate which will have the property converted into building lots and a country park. John Mullins, one of the former owners, is proprietor of several big furlong houses in Jersey City and Brooklyn. Twenty years ago Mr. Mullins raced Badger, one of the fastest and most consistent horses of his day.

The veteran Goldproof, after several seasons of absence from the track because of a breakdown, is again in training at Latonia and C. E. Hamilton expects to race him in Kentucky this spring. The horse, now nine years old, has been running out since the fall of 1909, when he last raced at the Hamilton farm, a few miles from Latonia. In winter the door of the stable was left open and Goldproof went in and out as he pleased. He was taken up this spring and did a quarter in :20 a few days ago.

ANSWERS TO QUERIES.

Communications without names and addresses will not be noticed nor answered. No answers will be sent by mail and none by wire unless reply prepayment is made at time of wiring query.

J. C. St. Louis, Mo. Give your full name when making queries. You had \$10.15 coming.
C. A., Chicago. Wah Jim was a capital sprinter and was raced exclusively in short dashes. He never won at a mile and a half and his racing was confined to the eastern tracks. He was foaled in 1889, his last racing being in 1895.

R. H., Chicago. The fact that in the return of the race Mud Sill was not reported as finishing in the first three, but no figure against the other fact that he did finish second. This gave you the \$18 of place money coming from Mud Sill as a show bet on Supple. The \$10 bet on Supple to show under the impression that Mud Sill had run unplaced also stood, giving you in all \$28 on Supple to show at the price of 2 to 1 laid by the bookmaker.

PORTARLINGTON WINS AT 50 TO 1.

Takes Race at Coeur d'Alene in Which Favorite Is Prematurely Eased Up.

Spokane, Wash., April 30.—Ordinary, but well balanced fields furnished the racing at Alan today over a slowly drying out track. Portarlington, quoted at 50 to 1, won the fourth race, thanks to the energetic riding of Jockey Buxton. Metropolitan, the favorite, was injudiciously handled by Rosen, who eased his mount up and could not get him in his stride again until too late. Angelus took the third race without being extended. Pat Gannon won the two-year-old race for the Texas turfman, J. F. Newman. He is a brother to the fast colt Closer. The other events were keenly contested and were marked by several close finishes.

Angelus was bid up \$200 by T. B. Munford, trainer for Wade McLemore.

Jockey Buxton was fined \$25 for rough riding.

Eddie Taphin, who has had trouble with his hip, threw it out of its socket yesterday and will be out of the saddle for some days.

Jockeys J. McIntyre and C. Borel came in yesterday from Charleston and they will both be in the saddle shortly.

RACING GOSSIP FROM CANADA.

Toronto, Ont., April 30.—Eastern Ontario has only occasionally in the last twenty years—Wicker and Cardigan are two notable instances—furnished important candidates for the King's Plate. A change in that condition of affairs, though, is rapidly being brought about through the impetus given to breeding by the operations of the Canadian Bureau of Breeding. The Bureau stallions are not primarily intended to improve thoroughbred stock, but for the propagation of half-breeds. Their high breeding success has attracted the attention of owners of thoroughbred mares, and the result has been quite an addition to the supply of racing material. Mr. C. L. Hervey, owner of the Black River Stables, Lancaster, Ont., has three Province-bred yearlings. They are by the Bureau stallion, Rosemount, by Hastings—Lady Rosemary, by St. Blaise. They are:

Brown filly, by Rosemount—Decade (Chief Kee's dam), by Escher.

Chestnut filly, by Rosemount—Jessamine Blackburn, by Lake Blackburn.

Brown colt, by Rosemount—Stagcraft (a French mare by Sceneshifter—Queen of France).

He also has a fine two-year-old chestnut filly by Maxio—Decade, one by Ort Wells, and one by Go Between, all Dominion-bred. Mr. Hervey has five mares due to foal within the next month to Earl Rogers, a Bureau stallion, by Sain, by St. Serf, by St. Simon, dam sister to Uncle Bob. Mr. M. J. O'Brien of Renfrew and Mr. W. H. Williams of Pembroke have also thoroughbred mares due to foal to Rosemount.

The only arrivals at Woodbine today were the seven head owned by Harry Giddings, of Cedar Grove Farm, Oakville, and they were declared to be as fine specimens of the thoroughbred as can be found anywhere. Their breeder has a reputation of carrying on and feeding his young horses which has brought him great results. St. Bass, last year's Plate winner, heads the lot. The two-year-old Hearts of Oak, by Bassettlaw—Lady Lightfoot II., a half-brother of St. Bass, is the grandest horse of any age here.

One of the Waterloo yearlings was omitted from the list published. It is a bay colt by Inferno—Court Maid II. His dam is the only Cyrene mare in America. The yearlings at Waterloo are a rough and rugged lot. They were not housed during the long winter, except when the weather was wet.

The Brookdale Farm has recently lost two good broodmares in Lady Black and Clarine. The former was a daughter of Hamburg and Mary Black, by Lexington, by Sir Dixon—Roseville, was a half-sister to Ben Brush. The vacant places are to be filled, though, and by the best blood obtainable on this side of the Atlantic or in "the stud farm of the world."

Carroll Drake has arrived from Elyria, O., with E. M. Fry, John Patterson and Minastira.

PROPOSED SELLING RACE RULES.

Lexington, Ky., April 30.—The action of the Kentucky State Racing Commission on Saturday last in taking cognizance of the suggestions of Fred A. Forsythe for an amendment to the rule governing selling races meets with favor among the horsemen. The commission embodied Mr. Forsythe's suggestions in a resolution which was offered as an amendment to the highest law. It reads as follows:

(1) That the winner be offered at public auction to the highest bidder. That in case of a tie, the advance over and above the entered price, such advance be considered a fund held in trust by the association where the race was run, and to be added by such association to future purses for selling plate races for the next ten days, over and above the advertised purses for such races. In case of such run-up occurring near the close of any meeting such run-up money to be carried to the next meeting of that association, as a trust fund, and used as suggested.

(2) Eliminate the claiming clause in all selling races, and in its stead allow anyone, without restricting the right to those having a horse entered in any such race, the privilege of filing a request within ten minutes after a race is declared official for any horse in that race to be offered at auction the same as the winner, the run-up money to be distributed as suggested for the winner.

(3) That all auctions be held in a corner of the paddock, where the general public does not congregate, thus removing a disagreeable feature of this class of racing beyond the observation of the public who come for sport, and not to witness a commercial speculation in front of the grandstand.

QUEBEC KING'S PLATE INCREASED.

Montreal, Que., April 30.—The management of the Montreal Jockey Club make the pleasing announcement that the added money for the King's Plate to be run next fall, will be once more increased. During the years 1909 and 1910 the added money amounted to \$1,000, but last year it was increased to \$1,200, and this year it will be further increased to \$1,500.

This will further encourage the breeding and racing of Province-breds. The quality of these horses has greatly improved in the past two or three years, while they have also increased in numbers. From year to year as the quality warrants it, the Montreal Jockey Club will increase the value of the King's Plate. This fall will see a great many more entries than in previous years, and they will be of a better class. Many entries for the stakes that closed today have already been received, along with applications for stabling, and this is taken as a good indication of a big entry list. Great interest is being taken in the Connaught Cup, offered by their Royal Highnesses, the Duke and Duchess of Connaught. Several entries have already been received for this event.

The purchase of the famous Plate Glass by Robert Davies of Toronto will lend added interest to the here last season in the Randolph colors and will this spring carry the colors of his new owner at Blue Bonnets. Rumor has it that several other deals are pending for the purchase of good horses by Canadians for this season's campaign.

SONADA IN WINNING FORM

CATESBY WOODFORD'S KENTUCKY DERBY CANDIDATE RUNS IMPRESSIVE RACE.

Hawthorn Adds the Iroquois Stakes to His Unbroken List of Victories—Lexington Patronage of Satisfying Proportions.

Lexington, Ky., April 30.—Catesby Woodford's Kentucky Derby candidate, Sonada, came into his own this afternoon and made amends for his dull showing at Charleston by a sparkling performance that landed him victor over Duval, Sir Blaise and Wheelwright, a trio of formidable eligibles to the big three-year-old events. The impressive manner in which he disposed of his opposition caused some to proclaim him "the horse to beat" in the big Louisville fixture. His running today was more in keeping with the two-year-old form he showed at Louisville last season. He lost many friends at Charleston by his indifferent performance there, but regained a host this afternoon. The going was exactly to Sonada's liking, and Shilling's handling of him contributed to the victory.

While interest centered chiefly in the running of the race for three-year-olds, the Iroquois Stakes for two-year-olds was carded. It brought out the unbeaten Hawthorn, and the mediocre opposition he was meeting caused him to rule an overwhelming favorite. He made good, although not in the same impressive style that characterized his debut here. Yankee Notions, an added starter, owned by H. K. Knapp, gave him an argument during the first quarter and had him straightened to maintain his lead. The Knapp colt retired in the stretch and Hawthorn thereupon drew away into a clear lead. Miss Edith came with a good rush and took second place from Iniquita. The latter lacked her customary high speed, but closed a big gap in the last quarter.

Sir Catesby repeated his former good race and won the closing dash, for which he was the favorite. R. F. Gorman's colors finished in the van in the fifth race, in which Merry Lad beat a fairly good band of platers. There were some close observers of Hawthorn's performance today who predict that Christmas Star and Forward will both take his measure. Helios also is considered Hawthorn's equal by some. The weather today was cold and cloudy. Top coats were in demand. The forecast for tomorrow is for increasing cloudiness, though warmer weather. The attendance, however, was good and speculation keen. In receipts the association is ahead of the first three days of last spring.

T. C. McDowell said today that The Manager appears to have gotten over his sickness of Sunday, but he will not be a starter in the Blue Grass Stakes next Saturday. "It is the question whether he will be in condition to start in that other more important race of the following Saturday that is bothering me," said Mr. McDowell, meaning the Kentucky Derby.

James S. Everman arrived from Louisville today with John H. Morris' Breeder's Futurity candidate, Forward, and the good mud runner, Font. Capt. W. F. Cisco also came in with the handicap horse White Wool. Mr. Morris was among the visitors, having come up from Woodford County to see Forward. He has a fine fancy for this colt and his chances for the juvenile prize of 1912.

J. H. Mead, disappointed by the condition of the track, shipped John Louis and Chapultepec to Louisville.

Wayne Joplin, who found it necessary to go to French Lick Springs for relief from stomach trouble, arrived this morning and says he is feeling well. Starter Cassidy ordered Bob Co on the schooling list.

The best moves of today were:

Christmas Star—Five-eighths in 1:03%.
Ethelda—Three-eighths in 38%.
George Oxnard—Five-eighths in 1:07%.
Grif—Mile in 1:50.
Hasty—Mile in 1:49%.
Joe Morris—Mile in 1:47%.
Oreen—Three-quarters in 1:20%.
Prince Gal—Half mile in 51%.
Star O'Ryan—Five-eighths in 1:06.
Tourist—Five-eighths in 1:07.
During the afternoon, with the track much improved, Round the World won the five-eighths in 1:03, and Ocean Bound three-quarters in 1:15%.

ANOTHER WINTER RACING POINT.

Prominent Toronto Lawyer Planning to Build Modern Track at Kingston, Jamaica.

Toronto, Ont., April 30.—A new race course is to be built for next winter's racing at Kingston, Jamaica, by a Torontonian who spent last winter in the West Indies and is so enamored of the climate that he intends to return there regularly during the cold season at home. The project is so far under way that Chas. Millar, K. C., the gentleman in charge of the project, has sent to Kingston the most noted race course engineer in America, Chas. W. Leavitt, of New York, who built Belmont Park, and reconstructed the Saratoga and Woodbine courses. Mr. Leavitt has just returned and has been instructed to establish a first-class plant, with particular attention to the track. Mr. Millar, whose fortune enables him to undertake this enterprise, is one of Toronto's most successful lawyers and a heavy real estate owner.

LATONIA OFF DAY MAY BE MONDAY.

Cincinnati, O., April 30.—Secretary John Hachmeister, of the Latonia Jockey Club, is contemplating an innovation for the coming Latonia meeting, on rainy days. This spring the Latonia association has twenty-four days to race and has the privilege of running on any of the thirty-one racing days from May 30 until July 4. There will be seven days between the dates named on which there will be no racing.

"I see no objection to laying off from racing on rainy days the same as the ball club does," remarked Mr. Hachmeister. "I notice the Cincinnati club has a huge ball which it stretches across Fifth and Walnut, and patrons of the sport know that when this ball is out there will be a game, and when it is pulled in there will be no game. Of course, I would not take such chances, but would let patrons know early in the morning if there was to be a layoff. Sometimes during the period in which we run there comes a two or three-days rain that makes the track a sea of mud. We would know by midnight of the previous day whether the track would be in condition for good racing and the morning papers could notify our patrons. We have not as yet solved the method as to when we will lay off, but it can be stated right here that we will not break faith with the Kentucky State Racing Commission by asking permission to run on the off days. At present it looks as if Monday will be the off day."
